History of the Building and Hotel

The Lime Trees Hotel is made up of 3 Large and extended Victorian Houses and mews cottages originally constructed around the 1860's.

Founded in the 1960's originally as a small Bed and Breakfast, the business was purchased by Bob and Val Elkin in 1986. Bob and Val expanded to surrounding buildings, extended the main building and developed the mews cottages. They also joined Best Western.

In 2004 the hotel was purchased by Matt Winton and Alison Payne subsequent to which it has been subject to significant renovation throughout the bar, restaurant, banqueting rooms and kitchen. The hotel now boasts some completely redesigned bedrooms, including the honeymoon suite. The present owners have restored many original features and added new ones to sympathetically upgrade the property.

Energy Efficiency and the environment

We have done a great deal to improve energy efficiency and recycling, the hotel already exceeds "best practise" for its building type according to the hospitality industry body Hospitality Climates. We have managed to decrease our direct carbon emissions by 15% in the last 3 ½ years. This brochure is printed on majority recyclable paper and printed with vegetable inks – and is therefore theoretically bio-degradable.

Thank you for your custom – Matt Winton
